

**Protect your purchase.
Help protect the environment.**

For your vehicle

The EcoMindSM option provides additional Mechanical Breakdown coverage for the parts that help your vehicle run more efficiently, burn fuel more cleanly, and reduce overall emission output (see back for more details).

For the environment

When you choose to include the EcoMind option on your Vehicle Service Contract, the Arbor Day Foundation will plant 25 trees in your honor. You'll be doing your part to ensure a greener, cleaner future.

EcoMindSM offers affordable protection against costly repairs on the following components:

PARTS COVERED BY ECOMIND	AVERAGE REPAIR COST (without EcoMind)
Vapor Emissions Canisters	\$200
Distributor Cap	\$50
Catalytic Converter	\$2,000
Muffler	\$200
Exhaust Pipes	\$200
PCV Valve	\$20
Smog Pump	\$200
Spark Plug Wires	\$100
Ignition Coil Boot & Connectors	\$50

Your coverage could cost less than paying for one moderate failure.*

The Arbor Day Foundation is a nonprofit conservation organization of nearly one million members with a mission to inspire people to plant, nurture, and celebrate trees. More information on the Foundation and its programs can be found at arborday.org.

* Estimated repair costs are for demonstration purposes only and are anticipated prices after three years based on industry averages.
